

Corrigendum for Elections of Posts of Central Psychiatric Society for the year 2019

Dear Life Fellows,

It is with regret that I have to inform you that the nomination forms which you would have already received, had a typographical error. The year for which the posts were declared, and nominations sought, was misprinted as 2017 on the top of the form, whereas it should have been 2019.

The Election Commission takes the matters very seriously, and even such minor typographical error has to be rectified.

Thus, attached with the letter is the latest nomination form. Also, so as not to inconvenience Fellows, the last date for receiving of the forms to the Returning Officer is extended till **30-June-2019**, and the date for withdrawing the nomination is **30-July-2019**. The usual rules for submission of the completed nomination forms still have to be followed by the nominees. The Election Commission seriously regrets the error, and apologises for the inconvenience to the Fellows.

However, for the sake of transparency and convenience, if any of the completed forms with the year incorrectly printed, has been dispatched, then it shall be accepted as valid.

Thanking you
